Dear Sir / Madam:

Attached is my Verified Motion for Judicial Review of Clerk Action under 5CCLR 27.2 and Motion to Compel Docketing and Expedite Decision.

The proposed docket text (if I could file it directly) is:

> CA5MTRclerkDeferPetition.pdf Motion for Judicial Review of Clerk Action 5CC114-9, 5CCLR 27.2 and Motion to Compel Docketing and Expedite Decision

Thanks for your help with this. If this motion could be listed as filed tomorrow morning, that would be awesome.

Brian

P.S. My pro se handbook says that I can attach a single exhibit to this motion in a separate exhibit. That will come soon. :-)
